Be sure to check your email before heading to a meeting to ensure the location has not changed.

Change is in the Air

The LNT board recently discussed combining the quarterly newsletter (Nimble News) and the bi-monthly News and Reminders into one document, resulting in a monthly Nimble News. The intent is to be able to share information with the membership in a more timely manner. Plans are for the Nimble News to be emailed to the membership the last week of each month, which means all information and reports must be turned in by the 20th of each month for inclusion in the next month's Nimble News. Please send your information to Luann at luannjohnson99@gmail.com.

The Louisville area Quilters' Day Out, also known as QDO, is a gathering of KHQS' District 6 guilds who come together one day a year to celebrate our love of all things quilting. Whether you're a new quilter, have been quilting for years, or just love seeing the amazing quilts displayed, QDO is the place for you. You can learn new techniques at guild-sponsored demonstrations, find a guild you'd like to join, talk to old friends and make new ones, listen to the occasional speaker, or find that special item you've been looking for in the vendors' room. And let's not forget the wonderful door prizes given away by the quilts! There's so much to do and see, you'll want to go every year!

The Nimble Thimbles will once again host a booth in the guild room as well as the acclaimed LNT Boutique in the Vendor Room. Make sure you stop by to say hello and to support the guild.

Intro/Overview of Quilts and Quilting

Saturday, March 18

2:00 p.m. – 4:00 p.m.

South Central Regional Library

7300 Jefferson Blvd., Louisville, KY 40219

Several members of the Nimble Thimbles have been tirelessly preparing this program to share with the public and would be thrilled to have our fellow LNT members come be a part of the audience. It is NOT a quilt-making class, but it IS a patchwork of topics to broaden the public's knowledge of quilts and quilting. Topics to be covered include how quilts are made, advances in quilting, the industry and economics of quilting, and much more.
